

ENV 5666 – WQM – Spring 2023

NPDES, TMDL and TMDL Modeling USEPA Website Tour

Due date: January 18, 2023

(at the start of the first lecture)

Bonus = 3 points

(to be added to final grade, scale 0-100 points)

Q1 (1 point): What is NPDES & Its Basics?

Q2 (1 point): What is TMDL?

Q3 (1 point): What is TMDL Modeling Tools?

As you research and answer the above questions, keep in mind the overarching question of how the above may support achieving water quality targets in the Miami River, Florida?
